

Project Design Phase
Proposed Solution Template

Date	28 june 2025
Team ID	LTVIP2025TMID55291
Project Name	FreelanceFinder: Discovering Opportunities, Unlocking Potential
Maximum Marks	2 Marks

Proposed Solution Template:

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Freelancers and clients often face difficulties in finding trustworthy, fast, and affordable platforms for short-term project collaboration, especially in emerging markets.
2.	Idea / Solution description	SB Works is a full-stack (MERN) freelance marketplace that enables clients to post projects and freelancers to apply, communicate, and collaborate in real-time with ease. The platform includes user authentication, proposal handling, an admin panel, and project-based chat.
3.	Novelty / Uniqueness	Unlike crowded platforms, SB Works offers a clean, minimal interface tailored for college students, startups, and individual clients. It includes integrated chat, admin monitoring, and is commission-free at early stages.
4.	Social Impact / Customer Satisfaction	It empowers students and freelancers to earn from home while allowing startups and individuals to get work done affordably and reliably. Enhanced user trust and faster communication increase overall satisfaction.
5.	Business Model (Revenue Model)	Initially free to build a user base. Revenue will later be generated through: <ul style="list-style-type: none">• Premium job posts for clients• Subscription plans for freelancers• Transaction fees for payments processed via the platform
6.	Scalability of the Solution	Built on scalable technologies (MongoDB Atlas, Node.js, React), SB Works can easily expand to handle thousands of users. The architecture supports adding features like payments, mobile apps, and AI-based project matching in future phases.
